GENERATIONS OF SERVICE

W. Danley takes pride in being a family-oriented business. Started in 1921, our business has been passed down to four generations of dedicated professionals. There is a reason W. Danley Electrical Contracting has been in business for over 100 years. We offer peace of mind with the knowledge and experience of our team, the quality of our workmanship, superior products provided, and commitment to our customers. **From our family to your family – we care.**

Here at W. Danley we know no two homes are alike. From family size to work from home offices, temperature needs and outdoor lighting, your home needs a membership plan that fits just right. Choose from one of our three membership plans and rest assured your home's heating, cooling, and electrical systems are taken care of.

ALL PLANS ARE FULLY TRANSFERABLE

If you move, the plan goes with you!

SHIELD MEMBERSHIP POWER UP PLAN COMFORT PLAN

Priority Service, On Our Dedicated Member Concierge line

You can contact us for emergency service 24/7, and you'll receive priority service every time. Your dedicated concierge number automatically informs our staff and ensures front-of-line access during the busiest times.

Save \$50 Off Standard Diagnostic Charge, and No After-hours Surcharge

Receive \$50 off our standard diagnostic charge on every visit. And because your comfort doesn't only matter from 9-5, you'll never pay pesky after-hours service charges again.

Two FREE HVAC Performance Inspections & Tune-Ups Per Year

Get peace of mind and protect your investment in your home comfort with regular system maintenance and inspection. These help your AC and heating equipment run more efficiently and allow us to spot issues before they grow into major problems. Even better, we'll call you to schedule these, so no need to remember to call us.

FREE Annual Electrical Safety Inspection

Our licensed electricians will inspect your home's wiring and electrical systems to keep you and your family safe.

\$100 Annual Loyalty Credit Toward a New HVAC System or Generator

If your heating or AC system has to be replaced or you decide to upgrade to a newer, more energy-efficient unit, every consecutive year you've been a member gets you \$100 off the total price, up to \$800!

Generator Maintenance Visits

Annual maintenance on your generator is vital to the performance of the investment. This visit includes replacing spark plugs, air filters, oil filters, changing the oil, adjusting the valves (both intake and exhaust) as needed.

HVAC Filter Auto-Delivery Program

Tired of never remembering when you last replaced your filters? You'll have access to our automatic filter delivery program, so you'll never have to worry about forgetting to change those filters again.

1-Year Parts Warranty

Our maintenance agreement gives you a one-year warranty on all the parts we use. If you have any problems within one year of the service, there will be no charge for the new part or labor to fix it.

A Chore of Your Choice

Do you have a small task around the house you needed a hand with but just never got around to? Our service techs will gladly give you a hand!

Save 15% Off All Repair Services

You save 15% on all repairs across HVAC and Electrical service, saving you money on every call.
